my dear
Pedro

I arrived here last evening after
a ride during the day of twenty leagues over
the most impossible roads in Chile. I arrived
eighteen days under the Camba had died
at times with Fuma & the thermometer
from midday until eight o'clock at night
thirty five degrees - but all my trials
& tribulations I look upon as nothing find-
ing that I have by these sufferings achieved
agitation & victory. I did when in
the campaign of 1818 I gave to Chile the
command of the Pacific ocean to moment
I shall take out specimens of the
mine discovered by Com. & T. F. Rosas
& if it does not as you miners say Rosas
is a thing that before the owner is out
that I shall find my self well made a
Independent man - the mine of Pedro Osorio
& Camp is at present - and already Rosas
some common. Remembering your success found
the metals are half - valuable.
